# SEWA International

Sewa International serves humanity in distress, aids local communities, and promotes volunteerism.

We engage our beneficiaries to be agents of change in development and strive to make progress broad-based.

# Covid-19 T-Model To Fight Problems

The second wave of COVID-19 has hit India hard. It has impeded India's social and economic recovery following the 2020 COVID-19 pandemic.

In the last 30 days, India saw a 6-fold increase in daily cases, and registered the highest single day spike in covid cases in the week of April. With 3 million active cases, the impact of the pandemic can be witnessed all across the country. During this pandemic, the worst affected social group is the urban poor and slum dwellers.

Sewa International has built upon its 2020 COVID-19 relief efforts by augmenting its activities. Accordingly, Sewa International decided to work on a T-model intervention for the pandemic:

- Breadth: Awareness, Essentials and Digital Helpdesk
- Depth: Oxygen, and Vaccination

The breadth involves interventions which provide quick relief, and immediately impactful in saving lives and livelihoods. The depth ensures systematic strengthening, long-term sustainability while also providing an immediate layer of protection.

Sewa International's partner organization in Kerala, Deseeya Sewa Bharati, is setting up a COVID-19 Care Center in the Kothamangalam subdivision of the Ernakulam district

**Note:** It has come to Sewa International's attention that certain individuals and companies are attempting to profit unethically and deceiving credulous people by using Sewa International's name. If you happen to receive such a communication purported to be from Sewa claiming to ship oxygen concentrators or other lifesaving equipment to individuals or to a particular hospital be unsure of the authenticity of a communication you receive, we request you to check our website to verify or call one of Sewa's COVID-19 helpline numbers. Sewa International would like to affirm that all our official email or communications to the general public will be posted on Sewa International's website.
