

Organic Certification Services

Supported By:

Undertook Organic Certification programs for APOF in the state of Karnataka for both PGS and NPOP standards for the Organic Village Program

The tasks involved are Farmer registration, Field Visit, Awareness creation, GPS marking, ICs maintaining etc.

We undertook training programs for the farmers as well as the field supervisors at each of the program village level.

Facilitated market linkage for the produce grown under the Organic village program for the fruits, vegetables and main commodities
