

## PPP Projects with Govt. of Karnataka in Agri and Horticulture

Supported By:

### Department of Agriculture, Govt. of Karnataka

WCS Implemented PPP IAD Programs on Millets, in association with Dept. of Agriculture, Govt. of Karnataka benefiting around 4000 farmers in 2 Districts with approx. 5000 Ha of Millets growing area being involved in the program.

In addition to value adds on quality millets, WCS has also facilitated direct market linkage for all the farmers, which resulted in good returns for the farmers.

As part of the program, WCS is providing training on sustainable agricultural practices such as Soil Nutrition Enhancement, FYM, Liquid Manure, IPM/INM Techniques, Seed treatment, Preparation and use of Natural Pesticides, Demonstration, knowledge transfer and training on compost making,

Providing training on Environmental and Biodiversity Conservation issues thru FFS Model

Special focus was given for Millets Quality Enhancement, Post Harvest Produce Handling, Reducing the losses and Value Addition aspects
